

BOORA RAVITEJA

Hyderabad, Telangana | tejrtej9347@gmail.com | +91-9391055878 | GitHub: github.com/TEJA9391

PROFESSIONAL SUMMARY

Computer Science (AI & ML) engineering graduate with strong proficiency in Java, Python, and SQL, and a solid foundation in Data Structures & Algorithms, OOP, and Software Development practices. Experienced in building full-stack applications with REST API design, token-based authentication (JWT), and relational database management, through hands-on academic projects and a virtual AI internship. Strong analytical and problem-solving skills with a fast learning curve, ready to contribute as a Junior Software Developer / Software Engineer Trainee.

EDUCATION

Malla Reddy College of Engineering and Technology | B.Tech, Computer Science & Engineering (Artificial Intelligence & Machine Learning) — Expected May 2027

• CGPA: 8.06 / 10

Narayana Junior College (TGBIE) | Intermediate (PCM), 2021 - 2023 — 95.6%

Little Flower High School | SSC (Class 10), 2020 – 2021

TECHNICAL SKILLS

- Programming Languages: Java, Python, SQL
- Core Computer Science: OOP, Data Structures & Algorithms (DSA), DBMS, Operating Systems, Computer Networks, SDLC
- Databases: MySQL, JDBC
- Frameworks & Technologies: REST APIs, Flask, Flutter, TensorFlow, WebSocket
- Developer Tools: Git, GitHub, Postman, Eclipse, VS Code
- Software Engineering Practices: Debugging, API Testing, Agile/Scrum, Version Control, Problem Solving

PROJECTS

IntelliAttend SmartBoard Secure Campus | Flutter, Dart, Windows (.NET), REST APIs, WebSocket, MySQL/Firebase, Git

2026

GitHub: github.com/IntelliAttend

- Engineered a full-stack Smart Campus platform connecting Faculty and Student mobile apps with a Windows-based SmartBoard management system, enabling secure authentication and real-time communication via REST APIs and WebSocket.
- Implemented CRUD-based administrative modules for device registration, role-based access control, audit logging, and attendance tracking, streamlining daily operations for faculty and administrators.
- Built real-time notification and analytics dashboards for faculty alerts, emergency messaging, and attendance reporting, improving classroom responsiveness and operational visibility.
- Strengthened application security using JWT authentication, SHA-256 integrity verification, secure storage, and SSL pinning to protect sensitive student and faculty data.

Emotion-Aware Study Assistant | Python, Flask, TensorFlow, DeepFace, OpenCV, Librosa, SpeechRecognition, HTML, CSS, JavaScript

2025

Live Demo: teja9391.github.io/Emotion-Aware-Study-Assistant

- Built an AI-powered Flask web application using DeepFace, TensorFlow, and OpenCV to detect user emotional states from facial expressions and voice patterns in real time.
- Designed a personalized recommendation engine that generates tailored study strategies and motivational content based on real-time emotion and voice analysis.
- Applied audio signal processing with Librosa and SpeechRecognition alongside computer vision techniques to improve multimodal emotion detection accuracy.
- Developed an interactive web interface with webcam and microphone integration, including session history tracking and emotion analytics for progress monitoring.

TECHNICAL EXPERIENCE

AI Intern — Infosys Springboard | Virtual Internship Program

- Completed a structured virtual internship on Artificial Intelligence fundamentals, covering Python for AI, machine learning concepts, and data handling techniques.
- Built and trained introductory machine learning models to solve sample classification and prediction problems, applying data preprocessing and model evaluation techniques on structured datasets.
- Completed hands-on labs, quizzes, and assessments within the Infosys Springboard platform, gaining exposure to industry-aligned AI development practices.

CERTIFICATIONS

- HackerRank Software Engineer Certificate (Role Certification)
- HackerRank Java (Basic) Certificate
- Cisco Python Essentials, Cisco Networking Academy

SOFT SKILLS

Problem Solving • Analytical Thinking • Teamwork • Communication • Adaptability • Time Management • Quick Learning
